Mod. clear. Very good signal. QSB to s.g^t. Report of some more stations here: 256AXL: 5-6 to 7. UA3EG: 5-9 to 9. My equipment is a 3tbs converter (all VR-65's) and an old army-rcvr 19 set mk-II. I hope that my report was useful to you; your QSL-card will be very much appreciated.

73's gd luck de
